 - All necessary hardware included

Device Fit & Features

- Supports up to 8 computer units
- Client spacers fit two sizes:
 - Up to 1.5"
 - Up to 2"
- Slider carve-outs for easy device removal
- Pre-drilled hanging holes for ASUS NUCs on bracket

Part Number	Part Description
G0730012	Client Shelf

BENEFITS

Put 8 clients in a 4U or 5U rack space in the secure data center

Harden security by locating the computing resources inside a secure data center

Cold rolled steel construction supports up to 44 lbs for reliable, long-term use.

Vented 3U shelf design ensures proper cooling and reduces risk of overheating.
