ZeeOS by ZeeTim

About ZeeTim:

- Virtual workspace experts since 1999
- Founded in 2011
- Specialize in endpoint solutions for virtual workspaces
- Offering solutions for endpoint OS, printing, scanning, MFA, and credential vault

ZeeOS

- "Convert, lock down and manage centrally"
- Simple architecture: ZeeOS + Web Management Console (WMC)
- ZeeOS turns existing PCs into locked-down, centrally managed endpoints.
- Secure, Linux-based thin client OS to convert existing PCs into managed endpoints
- Read-only approach designed for secure, low-maintenance endpoints
- Hardware-agnostic—runs on standard x86 64 bit devices
- USB boot option for temporary or isolated workstations (contractors, BYOD, emergency setup)
- Full Web Management Console (WMC)

ZeeOS provides controlled access to virtual desktops, published apps, SaaS and web apps while supporting common EUC stacks and multi-display protocols.

Access to:	• VDI • DaaS • Published Apps • SaaS/Web Applications • Configurable Secure Web Browser • Locally Installed Proprietary Application
Supported Protocols:	• Citrix (ICA/HDX) • Omnissa (Blast Extreme) • Microsoft (RDS/RDP) • Amazon Workspaces • Parallels RAS • Dizzion Frame (DaaS) • And others
Security Features That Prevent Unwanted Changes on the Endpoint:	• Endpoint Security • Read-only OS approach • Kiosk-capable configurations • Reduced local persistence • Management Security • Encrypted communications • RBAC for admin access • Secure remote assistance

WMC – Making Administration Efficient, Repeatable, Consistent

- Template-based management allows you to build one configuration and apply it to groups for zero-touch deployment
- Tree structure, groups, templates
- Package management and controlled updates
- Reporting and inventory-style visibility
- Remote control from the console
- Gateway for offsite device management without VPN
- REST API (SCCM, Ivanti, ServiceNow)
- Endpoint map and site-based management
- Multi-tenant friendly segmentation
- Intune + Entra ID device compliance for Microsoft 365 web access (Edge)

Perpetual Licensing

1 year—includes maintenance and support
Annual maintenance and support licenses available for 1 or at a discount for 3 or 5 years
Concurrent licenses
